Clinex nanochem

Clinex Steel

Cleaning Agent for Stainless Steel

Features:
Acid cleaning agent intended for cleaning stainless steel surfaces and equipment. This agent has excellent cleaning and degreasing properties - removes scale, rust traces, persistent dirt, and grease. Its special formula makes it applicable in many branches of industry, in the food industry, and in households. Recommended for cleaning stoves, tables, ventilation hoods, etc. Product leaves a neutral scent.

pH: ~ 2

Usage:
Cleaning agent for all types of stainless steel equipment and surfaces. Plates, ovens, sinks, baths, etc. washing and cleaning.

Manual:
Spray the product on the surface to be cleaned, clean the surface, then rinse thoroughly with clean water and wipe the surface dry.

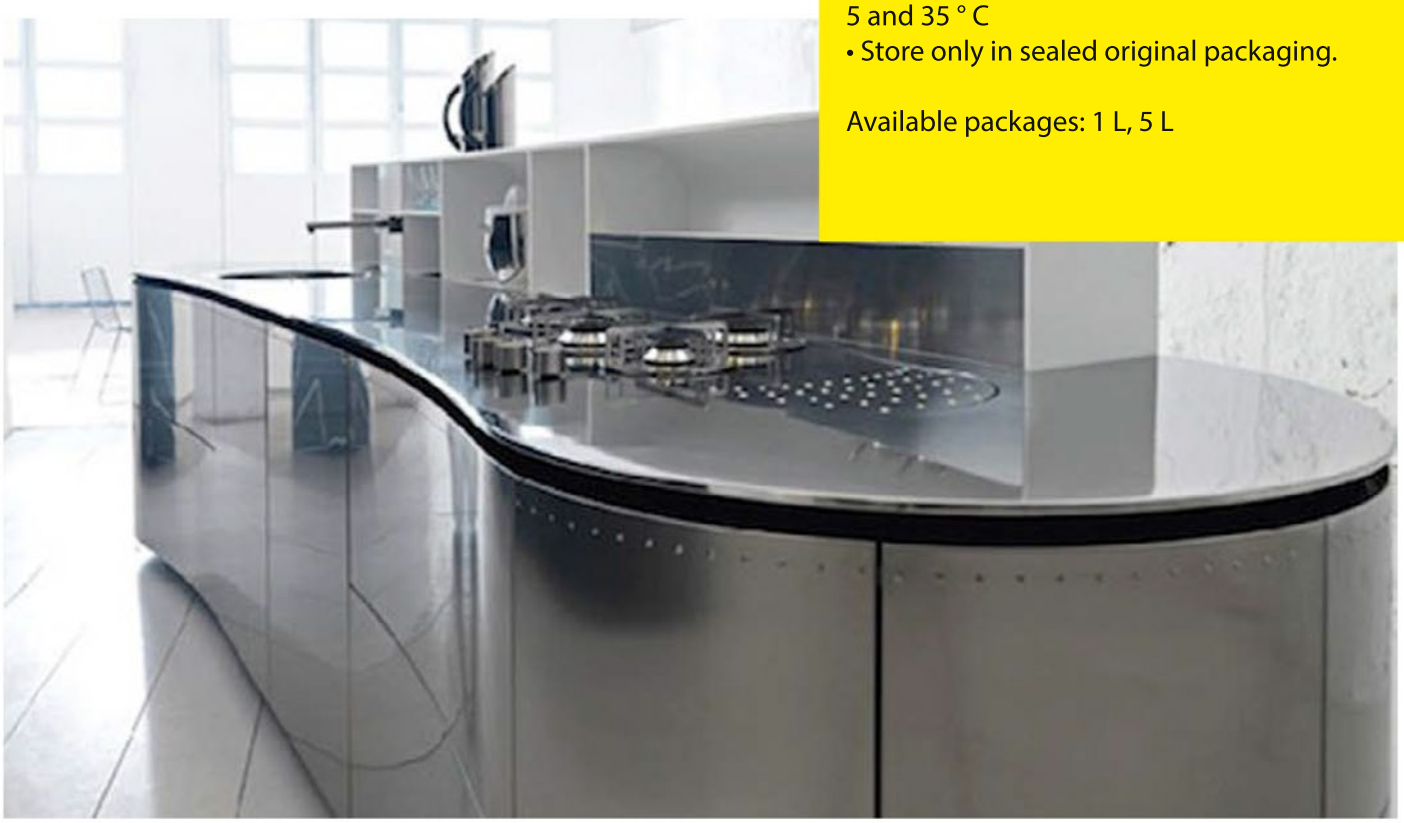

WARNING!

- For professional use only.
- Use only on acid-proof surfaces.

Safety:
- Do not mix with other products.
- Further information is available on the product safety data sheet.
