Clinex DishWash

Washing liquid for restaurant-grade dishwashers

- Remove lipstick stains and dry tea and coffee dregs
- Protects against corrosion and secondary soiling
- NTA, EDTS, phosphate and chlorine free
- Certified by the Polish Hygiene Institute

Available packaging:

Index	Article name
77-062	Clinex DishWash 5L
77-063	Clinex DishWash 10L
77-064	Clinex DishWash 20L

Properties:

Concentrated washing liquid for restaurant-grade dishwashers. Excellent for cleaning china, plastics, stainless steel and cutlery. The solution is not compatible with aluminum tableware. Recommended for use with Clinex DiShine or Clinex ShineHard to give the dishes an extra shine. For professional use only. Full effect in low concentrations for increased cleaning and cost efficiency. Particularly recommended for professional dishwashers used in restaurants, hotels, mass catering facilities. Very effective even in medium and hard water.

Instructions for use:

1. Use according to the recommendations of the dishwasher manufacturer. Recommended working concentrations: 1-5 ml/L of water, depending on the dish soiling level.
2. Check the liquid level every day.
3. Change the container to a new one whenever necessary.
